National and Swiss library in Zagreb

The building of the national and Swedish libraries in Zagreb is a place of modern architecture and a center of cultural and dignified Croatian life.
The building is equipped with Uponor Classic footwear, Uponor Comfort Pipe PLUS pipes and Pex pipes.

The largest library in Croatia covers an area of 44,432 square meters, with more than 130 kilometers of bookshelves, approximately 3 million books and more than 46 digital collections.
Uponor is taken to ensure temperature conditions in the spacious bookstore if it is heated Uponor Classic provide foot care.

The Uponor Classic stand is economical, flexible and bz single stand behind the fence. Three distinct designs of steel mesh allow the attachment of the framework to be stored in the warehouse with safe care. You can warm up all over the floor with heat and sound insulation for replacing the roof. Insulation is obtained by placing a wire mesh over it.
Only three components are needed: steel mesh, Uponor breast covers and Uponor Comfort Pipe PLUS.
