Prop 65 label required? Yes

Product information and application use

The Ecoflex® Connection Vault provides a fully watertight, insulated enclosure for multiple straight-through and branch underground connections. This product is designed to eliminate the need for multiple branch connections, saving installation time and cost. Step-down outlets are compatible with the majority of Ecoflex piping. Note: End Caps are required at all ends of the piping system to ensure insulation integrity.

	Part name	Part no.	Weight per UOM [lbs/UOM]
	Ecoflex Connection Vault, 6 outlet	1018326	110
✔	Ecoflex Connection Vault, 8 outlet	1018327	115

Installation

The Connection Vault is designed for burial. Position the Connection Vault in the trench to achieve proper pipe alignment prior to inserting the piping. For complete instructions, refer to the Pre-insulated Pipe System Connection Vault Instruction Sheet
