### About GF AQUASYSTEM female elbow PN25

#### Specification

- AQUASYSTEM is one of the most reliable and high-quality PP-R systems on the market. It is ideal for transporting both hot and cold water in a variety of building systems as well as industrial and marine applications. The system features high temperature and pressure resistance while being hygienically safe and eligible for use in drinking water supply systems. Thanks to its chemical resistance behavior, the system is also a great choice for transferring or discharging chemical media.

#### Application

- Central heating systems
- Hot and cold water systems
- Drinking water and treated water supply systems
- Industrial Piping Systems (Transfer and discharge of chemicals)
- Air conditioner systems
- Solar Collectors

#### Certification

- Not sure yet - Sebastian will communicate at a later date
