

## GF Malleable Fittings union taper seat 340 1 B

**1154385**

Union taper seat, ISO/EN U11

- Torque and notes for installation please find in "Technical Product Notes".
- 374 G ... refers to the thread size G according to ISO 228 of the union nut 374.
- \* Inside hexagon
- \*\* Version

### About GF Malleable Fittings union taper seat 340

#### Specification

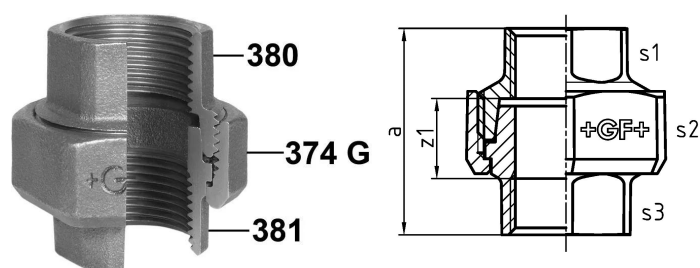

- With their extensive history and tradition, malleable cast iron fittings are the most common pipe fittings. Because of their durability and mechanical strength, these fittings are very popular. The material is able to endure high mechanical stress and when combined with the standardized jointing method can be used in a wide range of applications.

#### Application

- Sanitary, heating and gas installation, mechanical engineering (oil, cool pipework), construction of petrol stations (gas lines), sprinkler
