### Project Information

#### Country

Sweden

#### Completion

2018

#### Project Type

New building

#### Building Type

Municipal

#### Product lines

Weholite for sewer gravity

### Partners

- The choice of Weholite as a solution compared with traditional solutions as stainless steel or concrete is the flexibility and that Weholite is easy to handle and install, says Risto Lindberg, project leader at Tage & Söner.

- For us it feels very safe to have a project manager with supervision of the whole solution, concludes Risto.

Contractor: Veolia Water Technologies AB

Sub-contractor: Tage & Söner

Installer: Uponor Infra Project Services
