Engineer:	Date submitted:
Contractor:	Submitted by:
Manufacturer's representative:	Approved by:

Technical data

Material	Plastic
Subcomponent Material	PVC
Prop 65 label required?	Yes

Product information and application use

Use the PEX Stand-up Bracket in residential slab or commercial multi-floor construction. The brackets are available in either single-tube or five-tube configurations. The bracket supports up to 1" Uponor hePEX™ plus or Uponor AQUAPEX® tubing, or a 1" utility-grade, polyethylene sleeving.

Installation

Screw or nail the 3/4" fastening tab to the floor or concrete forms. Secure the brackets to the deck form. Then install the 1/2" PEX tubing in the brackets, either with the 1/2" PEX tubing alone or with the 1/2" PEX tubing sleeved inside corrugated polyethylene carrier tube. Wire the tube at the top of bracket to bracket at the wiring tab.
