Product information and application use

The Milwaukee® M18™ ProPEX® Expansion Tool features an auto-rotating head for convenient 1-handed operation. The expander tool has a D-handle design and integrated magnesium frame giving you maximum jobsite durability. The quick cam mechanism delivers precise, continuous expansion for 3/8" to 1-1/2" ProPEX® connections. Designed specifically for Uponor® ProPEX®, the cordless pipe expander tool is built to allow you to make effortless installations faster than other tools available.

The kit includes the Milwaukee M18 ProPEX Expansion Tool; two M18 XC lithium-ion batteries; a 30-minute charger; 1", 1-1/4" and 1-1/2" expansion heads; grease; and a carrying case.

Note: All standard Uponor expander heads are compatible with the M12 and M18 tools. Uponor expander heads will not auto-rotate on the Milwaukee tools (only Milwaukee expansion heads will auto-rotate on the M12 and M18). H-heads are not compatible with Milwaukee tools and Milwaukee heads are not compatible with Uponor tools. Milwaukee heads are easily distinguished by color coding and the Milwaukee logo.

Purchase Milwaukee ProPEX expansion tools for use with Uponor systems by contacting Milwaukee at 800.729.3878 or visiting www.milwaukeetool.com/propex.
