Product information and application use

The TruFLOW™ Manifold Actuator Adapter is a replacement part. This M28 brass adapter converts the manifold actuator threads to fit the Uponor Thermal Actuator, four wire (A3023522) or the Uponor Two-wire Thermal Actuator for TruFLOW Classic and Jr. Valved Manifolds (A3030523). Note: Use only with TruFLOW Jr. and TruFLOW Classic manifolds.

| Part name | Part no. | Material group | Prop 65 label required? |
|---|----------|----------------|-------------------------|
| TruFLOW Manifold Actuator Adapter, replacement part | A2630028 | Brass | Yes |
| Spacer Ring VA31H for Thermal Actuators | A2870100 | - | - |

| Part name | Part no. | Codes | Standards | Listings |
|------------------------------------|----------|-------|-----------|----------|
| TruFLOW manifold actuator adapters | All | - | ASTM F877 | - |

| Installation | Related applications |
|---|-------------------------------------|
| Thread the TruFLOW Manifold Actuator Adapter onto the valve head of the Uponor TruFLOW manifold. Once the adapter is securely in place, thread the appropriate thermal actuator (A3023522 or A3030523) on the adapter. Refer to the TruFLOW manifold instruction sheets for additional information. | Radiant Heating and Cooling Systems |
