- Prop 65 label required?

Acrylonitrile Butadiene Styrene (ABS) Plastic Yes

Product information and application use

The Uponor Climate Control Zoning System II is a true wireless zoning control for radiant floor heating and other hydronic heating applications. The Wireless Base Unit (X-165) includes the main module that can connect up to six thermostats with eight actuators. The kit includes a base unit, mounting hardware, DIN rail, removable antenna and antenna cable, along with an installation and operation manual and instruction sheet (available in English and French).

Part name		Part no.	Operating voltage AC [VAC]	Weight per UOM [lbs/UOM]
Wireless Base Unit, 6	zones (X-165)	A3801165	24	1.2
Part name	Part no.	Codes	Standards	Listings
Unidad base inalámbrica	A3801165	-	-	Industry Canada Category I device FCC Part 15 Subpart C KNX® Konnex approval and certification

Installation	Related applications
Installation must comply with local codes. Refer to the Uponor Climate Control Zoning System II	Radiant heating systems
installation and operation manual or the Uponor Climate Control Zoning System II instruction sheet	Permafrost Protection Systems
for additional information.	Turf Conditioning Systems

6 thermostats maximum 6 actuators maximum Power supply: 24 VAC +10/-15%; 50/60 Hz Transmitter duty cycle: <1%
