## Concrete Core Heating and Cooling Systems, Piešťany

### Uponorin osallistuminen

✓ Uponor Contec on fibre feet (600 m<sup>2</sup>) | Uponor Velum panels (108 pcs.) | Uponor Thermal Sockets (20 pcs.)

## Concrete Core Heating and Cooling Systems, Piešťany

The investor is a company called Ekom, which is a compressor manufacturer for medical equipment producing clean air without vapour and odours.

The client has chosen to build their new office according to a low-energy building standard. To do this, they applied a favourable building orientation to the North-South and green HVAC technology. The HVAC scheme consist of ground source heat pumps, ceiling cooling Uponor Contec ON on fibre feet (600 m<sup>2</sup>) suitable for exposing concrete and mechanical hygienic fresh air ventilation.

### Projektin tiedot

Location

Piešťany, Slovakia

Valmistuminen

2017

Rakennustyyppi

Toimisto- ja liikerakentaminen

Product systems

Lattialämmitys ja -viilennys
