

# Supports de fixation pour collecteur de chauffage en EP

## Renseignements sur le projet

Nom du poste :	Lieu :
Ingénieur :	Date de soumission:
Entrepreneur :	Présentée par:
Représentant du fabricant :	Approuvé par :

## Données techniques

Material	Plastic
Prop 65 label required?	Yes

## Informations sur le produit et utilisation de l'application

The Engineered Plastic (EP) Heating Manifold Mounting Bracket attaches to a wall to hold the EP Heating Manifold assembly or single manifolds for use in hydronic radiant heating and cooling systems. The manifold assembly simply snaps into the bracket. Use only propylene glycol in radiant systems with EP Heating Manifolds; never use ethylene glycol.

L'installation	Applications connexes
Select the proper bracket spacing for the manifold and mount the bracket to the wall. Snap the manifold to the bracket. See the installation manual for complete instructions. Note: Use only propylene glycol in radiant heating and cooling systems with EP Heating Manifolds; never use ethylene glycol. Refer to the EP Heating Manifold Installation Guide for a complete chemicals list.	<ul style="list-style-type: none"> <li>Radiant Heating and Cooling Systems</li> <li>Permafrost Protection Systems</li> <li>Turf Conditioning Systems</li> </ul>
