

Uponor PEX-a Pipe Support

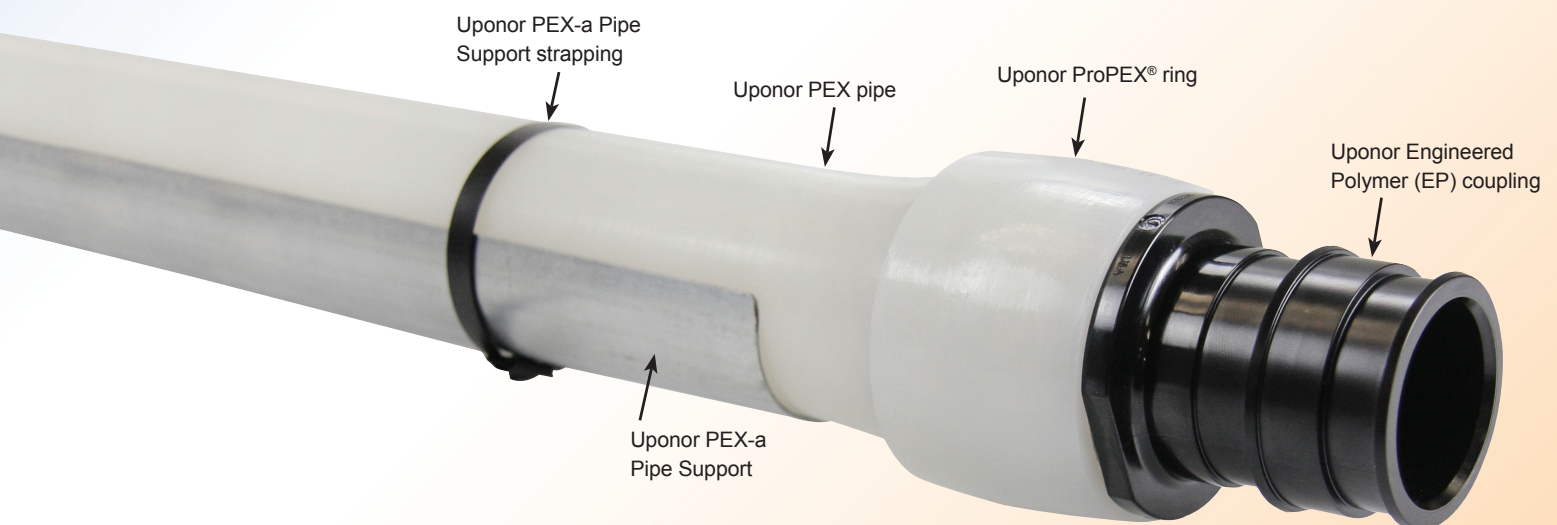

A dependable solution for consistent, reliable suspended-piping applications

With more than 40 years of trusted, proven performance, Uponor is the leader in PEX piping systems. Uponor's PEX-a Pipe Support is an innovative, smart solution for commercial plumbing and hydronic piping systems that provides continuous support of PEX pipe for consistent, dependable suspended-piping applications.

Key benefits

- Allows increased hanger spacing versus bare PEX to reduce the number of required hangers, making the project more cost-effective
- Listed to ASTM E84 for plenum applications providing code-compliant confidence
- Copper tube size (CTS)-controlled outside diameter for consistent installations every time
- 23-gauge, galvanized-steel for durability and confidence in quality
- Self-gripping design for faster, easier installations
- Provides opportunity to easily insulate around the pipe and the support channel for greater jobsite efficiencies
