Phyn Plus smart water assistant monitors water consumption in the rental cottage

Hawkhill, located next to Nuuksio National Park in Vihti, has been offering nature-friendly cottage holidays for almost 60 years. In a company striving to lead the way in sustainable tourism, the environment is taken into account in all its activities. Monitoring water consumption is also an essential part of a sustainable business - intelligent Phyn Plus water assistants ensure that monitoring is easy and that the domestic hot water pipelines are safe from water damage.
