✓ Uponsor Contec on fibre feet (600 m²) | Uponsor Velum panels (108 pcs.) | Uponsor Thermal Sockets (20 pcs.)

Concrete Core Heating and Cooling Systems, Piešť'any

The investor is a company called Ekom, which is a compressor manufacturer for medical equipment producing clean air without vapour and odours.

The client has chosen to build their new office according to a low-energy building standard. To do this, they applied a favourable building orientation to the North-South and green HVAC technology. The HVAC scheme consist of ground source heat pumps, ceiling cooling Uponsor Contec ON on fibre feet (600 m²) suitable for exposing concrete and mechanical hygienic fresh air ventilation.
